

AGARAM

MODEL UNITED NATIONS

ABOUT US

Agaram Model United Nations (Agaram MUN) is a dynamic platform that brings together young minds from across schools to discuss, debate, and design solutions for global challenges.

Organized by Spirezen Enterprises, Agaram MUN offers a professional simulation of the United Nations where delegates assume the roles of world leaders, diplomats, and policymakers.

It aims to foster diplomacy, public speaking, research, and negotiation skills while encouraging youth to think critically and act empathetically.

Principal's Note

Hosting the first Agaram MUN with Spirezen Enterprises is a proud milestone for Agaram School.

This initiative inspires students to think beyond textbooks, engage with global issues, and learn through active participation.

Mr. Gnanapandithan Muthusamy,
Managing Director / Principal

Spirezen's Note

Nitin Thilak L
FOUNDER | SPIREZEN

At Spirezen, we aim to connect education with realworld skills helping students debate, innovate, and lead with confidence.
